

About AIRA Matrix

- ✦ Established expertise in healthcare-focused AI
- ✦ 140+ experts, including in-house pathologists
- ✦ Proven track record across biomarker quantification, tumor detection, and toxicologic research
- ✦ Recognised through peer-reviewed publications and international awards

Rapid Development Solutions Framework

**100+
Pre-built
models**

Head start on
customization with
pre-built models

**Smart
training
data
creation**

Semi-automated
data creation using
foundation
model-based tools

**Stain
adaptation**

Quick model
fine-tuning for new
stain variations

**Automated
training
framework**

Active learning-based
approach to expedite
the training process

**Human
Capital**

140 People Team
including In-House
Pathologists
